OUR VISION:

We envision a Jewish Montessori school that will ensure the **continuity and prosperity of Jewish life in Constantia, Cape Town** and beyond, for our children and the generations still to come.

WHAT WE OFFER:

- Child-centered learning in a nurturing environment
- Classes from age 6 months - 6 years
- Jewish literacy — Alef-bet, prayer, Shabbat, Jewish holidays and history, through story and song.
- Jewish values — kindness, respect, and being a mensch.
- Small classes with individual care and attention.
- Inclusive education where every child is seen and cherished.
- On-site learning support and aftercare.

WHY IT MATTERS:

This school is not only about education — it is about securing a vibrant Jewish future, fostering belonging, and giving our children the pride and strength of their Jewish identity.

We are ensuring the **future of the Jewish community**, as families will be welcomed into a warm and nurturing environment.
